- Cough
- Difficulty breathing, shortness of breath
- Chills, shaking or exaggerated shivering
- Significant muscle aches
- Headache
- Fatigue
- Nasal congestion, runny nose
- Sore throat
- Nausea
- Diarrhea
- Vomiting

### Case Review

(on campus contact tracing)

- When did you begin to have symptoms?
- Type of symptoms?
- What students or staff were you in contact with in the 48 hours prior to onset of symptoms whether on or off campus (i.e. birthday parties, family gatherings sleepover, church, etc.)
- District activity?
- Transportation?
- COVID test?
- Date? Results?

### Close Contact

Direct exposure to infectious secretions (e.g., being coughed on while not wearing a facial covering)

or

Being within six feet of the individual for a cumulative duration (meaning the total amount of time in a day that individuals are within 6 feet) of 15 minutes, within 48 hours before the individual's onset of symptoms to the time of isolation.

Close contact is **regardless** of mask usage.

### Travel

All travel out of state or country will require a 10 day quarantine before returning to campus. Please communicate travel plans with campus administration. Student and household members must be symptom free and have authorization from campus administration before returning to school.
